

Annual Membership & Subscription Renewal

United States Ultralight Association, Inc. • P.O. Box 3501 • Gettysburg, PA 17325 • voice: (717) 339-0200 • email: usua@usua.org

Why Should I Renew My USUA Membership?

...USUA NEEDS YOU!!

USUA has been helping the sport aviation community since 1985. Since those early days of ultralighting, we have seen many changes. FAA involvement in our sport has manifested itself in ways that has changed the face of our sport. The new Sport Pilot and Light Sport Aircraft program has, while opening an avenue that was never before available, has also discouraged many of our members. FAA pilot and aircraft certification is new to many ultralight pilots, and the process in which they can transition has proven to be additionally frustrating.

USUA has not been deterred by these challenges, and is continuing on in the tradition we have set so many years ago. We have been representing your Sport Pilot interests and concerns to FAA, and continue to support ultralights as fervently as ever. We have also instituted additional manufacturer support, and expanded our online Flying Store to accommodate Members Only sales and promotions. All these programs have been designed with you- the USUA Member- in mind.

But we cannot be effective without your support. Your membership dues keep the programs alive and functioning. Today, more than ever, your membership in USUA is important.

Please take the time to renew your membership, so that we may continue to maintain, and increase our services, as well as to Promote, Protect & Represent you and those who will enter the sport in years to come.

Thanks for this opportunity to talk with you, and I hope you will be renewing your USUA membership.

There's still a lot to be done, and we can't do it without you.

USUA Annual Membership:	<u>\$30.00</u>
